STATE CLEARINGHOUSE

NEWSLETTER

February 16 through 28, 2001

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **February 16 through 28, 2001**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte and Karen Fowler (for projects in Northern California)
Scott Morgan and Brian Grattidge (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 1999 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Dress for the season; promote the concept of layering clothing to help offset the impact of a reduction in the building controlled temperature.

Federal Notices

Intergovernmental Review Notices (February 16 - 28, 2001)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

AGENCY: Federal Energy Regulatory Commission

CONTACT: Dr. John M. Mudre

TELEPHONE: (202) 219-1208

E-MAIL: N/A

ADDRESS: Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426

DESCRIPTION: In a letter from the Director of the FERC, Division of Environmental and Engineering Review to Rebecca Lent, Ph.D., Regional Administrator for the National Marine Fisheries Service (NMFS), the FERC expressed the approval of the NMFS's request for a two-week extension of time and for an additional two-month extension of time to provide the FERC with the Biological Opinion on Commission approval of proposed changes in the minimum flow regime at the Potter Valley Project (P-77-110) for the protection and enhancement of anadromous salminoids. The FERC further stated that they believe that granting the requested extensions could be beneficial in this instance. Also, Pacific Gas and Electric Company (Licensee for the Potter Valley Project) indicated its agreement with NMFS's requested extensions.

COMMENT BY: N/A

AGENCY: Sonoma County Community Development Commission (SCCDC)

CONTACT: Janie V. Walsh

TELEPHONE: (707) 565-7500

E-MAIL: N/A

ADDRESS: Sonoma County Community Development Commission, 1440 Guerneville Road, Santa Rosa, CA 95403-4107

DESCRIPTION: On or about March 15, 2001, the SCCDC will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Community Development Block Grant funds under Title I of the Housing and Community Development act of 1974, as amended, to undertake a project known as the West Sierra Avenue Gateway ADA Project in the City of Cotati, CA. This proposed project would make disabled-accessible improvements to the West Sierra Avenue roadway between Hwy 101 and Water Road in the City of Cotati, to encourage walking and transit use. ADA improvements included new sidewalks, accessible bus shelters, crosswalks with scored paving, and a pedestrian gateway. Other improvements included gateway monuments, fencing and landscaping. Total estimated project cost is \$175,000. The SCCDC has determined that the project will have no significant impact on the human environment.

AGENCY: Federal Energy Regulatory Commission

CONTACT: James Hunter

TELEPHONE: (202) 219-2839

E-MAIL: N/A

ADDRESS: Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426

DESCRIPTION: The FERC granted the Metropolitan Water District of Southern California's application (December 26, 2000) to exempt the Diamond Valley Lake Small Conduit Hydroelectric Project (project) from the licensing requirements set forth in Part I of the Federal Power Act. No motions to intervene were filed for this project. The project is located in Riverside County, California and would not occupy federal or tribal lands. The small hydropower project would be located in the Wadsworth Pumping Plant and would utilize water from the Diamond Valley Lake and from the California Aqueduct. The project would consist of modifying the 12 existing pumps in the Wadsworth Plant to operate in a reverse turbine-generating mode. Energy currently dissipated in pressure control valves as water is released from the Lake into the Canal could then be captured. Each pump/generator would have an installed capacity of 3.3 megawatts (MW), for a total installed capacity of 39.6 MW. The average annual generation would be 30 gigawatt hours.

TELEPHONE: (202) 219-2851

E-MAIL: Doan.pham@ferc.fed.us

ADDRESS: Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426

DESCRIPTION: The FERC filed a Notice of Application for Amendment of License and Soliciting Comments, Motions to Intervene, and Protest on February 20, 2001 for Lee Vining Hydroelectric Project (project). The project is located on Lee Vining Creek in Mono County, California near the town of Lee Vining and is located within the Inyo National Forest. The project applicant is Southern California Edison (SCE). SCE proposes to *remove* the 6.4-mile transmission line (located within 30.02 acres of federal lands), extending from the Poole powerhouse to the Lee Vining Substation form the project boundary, because they are part of SCE's interconnected system. In addition, SCE proposes to *reduce* the boundary line to remove the following features from the project: (1) a state highway around Rhinedollar Lake, (2) telephone line, (3) the Rhinedollar 12-kV distribution line. SCE also proposed to *add* about 0.46 acres of federal lands to the project boundary due to the addition of a gaging station and associated conduit downstream of the powerhouse.

ADDRESS: Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426

DESCRIPTION: The FERC issued a Notice of Application Accepted for Filing and Soliciting Motions to Intervene and Protest on February 13, 2001 for the El Dorado Project (project). The project is located on the South Fork of the American River and its tributaries in the counties of El Dorado, Alpine, and Amador, California partially within the boundaries of the Eldorado National Forest. The project also diverts about 1,900 acre-feet of water from the lower Echo Lake in the upper Truckee River Basin. The applicant is El Dorado Irrigation District. The deadline for filing motions to intervene and protest is 60 days from the issuance date, February 13, 2001, of this notice.

ADDRESS: U.S. Fish and Wildlife Service, Ventura Fish and Wildlife Office, 2493 Portola Road, Ste. B, Ventura, California 93003

DESCRIPTION: The U.S. Fish and Wildlife Service has proposed about 25,800 acres of critical habitat for the Monterey Spineflower and 1,640 acres for the robust spineflower. Both species are found in Santa Cruz and northern Monterey counties. About half of the total acreage proposed as critical habitat for both species is on federal land at the former Fort Ord Army Base near the City of Monterey. The remaining acreage for both species is on city, county, and state and private lands. The proposals were published in the *Federal Register* on February 15, 2001. Copies of the proposals will be available from the Ventura Fish and Wildlife Office at the address above, and will be posted on the Service's website at www.r1.fws.gov within the body of the news release. Comments should be submitted to the Field Supervisor, Diane K. Noda.

DESCRIPTION: The FERC issued an Order Amending License, Approving Revised Exhibits and Revising Annual Charges, Under Article 2, to the Southern California Edison Company (SCE) for the Borel Project (FERC No. 382). The project is located on the Kern River in Kern County, California, and occupies lands of the United States under the jurisdiction of the Department of the Army, Forest Service, and the Department of the Interior, Bureau of Land Management. The license for the Borel Project includes a 38-mile-long 66-kV transmission line extending from the powerhouse to the Monolith Substation. SCE proposes to remove the carrying power from both project and non-Project sources. SCE also filed revised exhibits M, L, and K drawings to reflect the proposed deletions from the project's transmission line and as-built conditions of the project.

AGENCY: U.S. Department of Agriculture - Forest Service

CONTACT: Roland Shaw

TELEPHONE: (775) 882-2766

E-MAIL: N/A

ADDRESS: USDA - Forest Service, Humboldt-Toiyabe National Forest, Carson Ranger District, 1536 S. Carson Street, Carson City, NV 89701

DESCRIPTION: The Humboldt-Toiyabe National Forest is proposing a fuels reduction project on National Forest System Lands *west and south of Markleevillage*, near Markleevillage, California (where the Alpine fuelbreak exists). The project is one of several planned on the Carson Ranger District in 2001 as part of a nation-wide initiative targeting high-risk areas in the wildland urban intermix. The legal description of these lands is T.10N, R.20E, Sections 29 & 30, Alpine County, CA. The reason a fuels reduction project is being proposed is because some of the characteristics that make the canyon a highly desirable place to visit, also make it a difficult place to suppress a wildland fire. Some residents are concerned about the risk of a large, intense wildland fire.

ADDRESS: USDA - Forest Service, San Bernardino National Forest, 1824 S. Commercenter Circle, San Bernardino, CA 92408

DESCRIPTION: The public is invited to participate in the upcoming forest plan update process. During 2001, the four national forests located in southern California (the Angeles, Cleveland, Los Padres and San Bernardino National Forests) will begin the process of updating their respective forest plans. These plans are the foundation for the management of our national forests. By law, forest plans must be updated every 10-15 years. The process of updating the plans begins an initial series of public workshops in February and March, 2001. Please call (909) 383-5588 to obtain information on the National Forests of Southern California Public Workshop Schedule.

NOD	
2000112017	Whisman Road Transit Oriented Development Mountain View, City of --Santa Clara The project would rezone the 465 North Whisman Road, 369 North Whisman Road, and 464 Ellis Street properties to apply the T (Transit) Zone overlay. Subsequent to the rezoning, the existing Air products and Chemicals facility would be demolished and removed, and the existing 447,600 square foot complex of industrial/office buildings would be expanded to include an additional 236,500 square feet in three new buildings and two new parking structures. With the expanded building area, the site FAR would be increased from the existing 0.35 to approximately 0.46. The T zone overlay requires the project to include design elements to enhance pedestrian activity and use of alternative modes of transportation.	NOD	
2000121085	City of Madera Las Palmas Stormwater Retention Basin Expansion Madera, City of Madera--Madera The proposed project includes the acquisition of 9.3 acres and construction of an expansion to the existing 1.27 acre basin to complete a total stormwater retention basin of 10.57 acres to accomodate the service area designated in the 1982 City of Madera Storm Drainage Master Plan.	NOD	
2000122085	Paskenta-Luther Road Improvement Project Tehama County Public Works Red Bluff--Tehama Intersection improvements of Paskenta-Luther Roads, road widening and reconstruction along Luther from Airport Blvd. to intersection with Paskenta and from Live Oak to Reeds Creek Bridge, including storm drain improvements (detention pond). Local utility relocation including 60 KV PG&E lines. Paskenta Road (turn pockets) will increase in width 24 feet for 1000 feet and Luther Road one 12 foot turning lane for approximately 700 feet.	NOD

2001021073	Oceanside Harbor Submerged Groin Removal Project U.S. Army Corps of Engineers Oceanside--San Diego The purpose of the proposed project is to remove a portion of a submerged groin which is currently a hazard to local recreational boating activities.	EA	03/21/2001
1993011040	Amendment to the Merged Tapo Canyon and West End Community Development Project Simi Valley, City of Simi Valley--Ventura The project is to adopt and implement the Redevelopment Project amendment that adds approximately 254.59 acres to the existing Merged Tapo Canyon and West End Community Development Project Area. These 254.9 acres (the "Amendment Area") are the focus of this environmental assessment. Other technical amendments to the existing Redevelopment Project Amendment, including various time limit extensions, also are included in the Project. The Project is proposed by the Community Development Agency for the purpose of alleviating blight and promoting reinvestment in the Amendment Area, housing assistance programs, and other activities. 1998042024	Downtown Hayward Redevelopment Plan Amendment Hayward, City of Hayward--Alameda Pursuant to California Community Redevelopment Law, the City of Hayward proposes to adopt a Plan Amendment that would add a total of 707 acres to the existing 610-acre Downtown Redevelopment Project Area. The Amendment would include modified goals, programs and projects for the Amendment Area, but would not affect the existing Plan Area or require amendment of the General Plan.	EIR	04/06/2001
2000121004	George White Elementary School Ballfield Improvement Project Laguna Niguel, City of Laguna Niguel--Orange Improve existing play-field to accommodate two Little League baseball fields with backstops and bleachers, three small soccer field overlays in the turfed outfield, an access path, and a restroom/utility building with drinking fountains.	EIR	04/05/2001
2000121106	Las Tunas Redevelopment Project Temple City Temple City--Los Angeles The Redevelopment Plan for the Las Tunas Redevelopment Project Area is proposed to consist of four subareas including the following: Retail Center Plan: 22 acres Dining and Entertainment Plan: 52 acres Town Center Retail Plan: 25 acres Civic Center Uses Plan: 35 acres The proposed redevelopment of the areas within the boundaries of the project, as described in each of the four Plans conforms to the General Plan for the City of Temple City adopted by the City Council of the City of Temple City on April 27, 1987. The four Redevelopment Plans are based upon the Preliminary Plan formulated and adopted by the Planning Commission of the City of Temple City on December 12, 2000.	EIR	04/05/2001
1999041010	Bressi Ranch Master Plan Carlsbad, City of The project proposed is a Master Planned community on a site of approximately 585 acres; to include 150 acres of industrial development, 15 acres of commercial shopping center, 13 acres of community facilities, 197 acres of open space, and 182 acres of residential development.	NOP	03/22/2001
2001022071	Downtown San Jose Mixed Use Project San Jose, City of San Jose--Santa Clara The proposed project consists of a multi-parcel mixed-use project comprised of 2.8 million square feet of retail, entertainment, residential, and office uses as well as a 31-acre expansion of the Century Center Redevelopment Project Area.	NOP	03/23/2001
2001021072	Gemini 4H Division of Oil, Gas, and Geothermal Resources Wasco--Kern Request to drill and test an exploratory oil and gas well and identifies 6 contingent exploratory sites that may or may not be drilled depending on the outcome of wells drilled.	Neg	03/21/2001

2001021074	Zone Text Amendment (ZTA) 01-001 & Negative Declaration (ND) 01-002 Malibu, City of Malibu--Los Angeles A proposal to amend section 9.3.01. A. 19 of the Residential Development Standards of the Malibu Municipal Code regarding home occupations.	Neg	03/21/2001
2001021076	Orange Cove Education Center Kings Canyon Unified School District Orange Cove--Fresno K-8 / 9-12 Education Center.	Neg	03/21/2001
2001021077	Sanderson Lift Station Replacement Project Eastern Municipal Water District San Jacinto--Riverside Eastern Municipal Water District is proposing to replace the District's existing Sanderson Lift Station. The 35 year old Sanderson Lift Station, which conveys raw sewage to the Hemet/San Jacinto Regional Water Reclamation Facility for treatment, is experiencing operational problems and is no longer reliable. In addition to the age of the facility, if the lift station were operating satisfactorily, it would only have adequate capacity to accommodate peak sewage pumping demand until the year 2003. The District has determined that it would be more efficient and economical to construct the new lift station with adequate capacity to accommodate the projected sewage generation rates.	Neg	03/21/2001
2001021078	Lorena Falasco Elementary School Los Banos Unified School District Los Banos--Merced K-6 Elementary School with multi-purpose room, parking lots, ball courts and athletic fields.	Neg	03/21/2001
2001021080	Downey-Animal Shelter Expansion Los Angeles County Department of Public Works Downey--Los Angeles The County of Los Angeles proposes to expand the Downey Animal Shelter located at 11258 South Garfield Boulevard in Downey. The project involves the demolition of five existing facilities and construction of three new single story kennel buildings (2,987 sq.ft. each), a cat holding facility (900 sq.ft.), a utility building (1,824 sq.ft.) with a covered area (1,268 sq.ft.) for vehicle parking and washdown, and a staff operations building (1,347 sq.ft.), along with associated walkways.	Neg	03/21/2001
2001021081	Pacific View Estates Del Mar, City of Del Mar--San Diego Construction of one two story 25,000 square foot single-family residence and one 3,600 square foot single family residence each with associated grading, hardscape and landscape improvements. Also, lot line adjustments to combine 7 existing lots into 4 lots.	Neg	03/21/2001

<u>Documents Received on Tuesday, February 20, 2001</u>			
2001021084	Long Beach Mercedes/ 2300 Spring Street Signal Hill, City of Signal Hill--Los Angeles Development of a Mercedes Auto Dealership including pylon sign oriented towards the I- 405 Freeway at a 5.1 acre site at 2300 Spring Street.	Neg	03/22/2001
2001021085	El Rio Sewer System Project Ventura County --Ventura The project includes installation of a sewage collection system in the El Rio area of Ventura County and appropriate sewage disposal. Currently the area uses septic tanks. The preferred treatment option is treatment at the City of Oxnard Wastewater Treatment Plant.	Neg	03/22/2001
2001021086	Water Recharge Test Project Beaumont-Cherry Valley Water District Beaumont--Riverside The Beaumont- Cherry Valley Water District proposes to conduct groundwater recharge pilot testing adjacent to Nobel Creek in the area of Beaumont Avenue between Cherry Valley and Brookside Avenues. The proposed project would include drilling of wells and temporary construction of a pilot test basin to determine the artificial recharge potential of the area.	Neg	03/22/2001
2001021087	Santa Ysabel Ranch San Luis Obispo County Paso Robles--San Luis Obispo The applicant proposes to implement a lot line adjustment and construct a private, gated residential community along with several separate agricultural parcels on 840 acres, just south of the City of Paso Robles.	Neg	04/06/2001
2001021099	Global Photon Morro Bay, City of Morro Bay--San Luis Obispo Global Photon Systems Incorporated is constructing a fiber optic cable network that is proposed to link major cities along the California coast between San Francisco and San Diego. This system is comprised of a high capacity (24 fiber) optical cable that would be buried off-shore (3 to 12 miles off the California coastline) and brought inland at seven landing locations in a "festoon" arrangement. Within this system, individual off-shore cable segments are terminated at various beach landings to connect into terrestrial cables which are routed to major cities near these landing points (San Francisco, San Jose, Monterey County, San Luis Obispo County, Santa Barbara, Los Angeles, San Diego). Prior to project construction, the Global Photon fiber optic cable network will have a certified Final Environmental Impact Report (Lead Agency: State Lands Commission), a state Coastal Commission Permit and any required permits from the U.S. Army Corps of Engineers, etc.	Neg	03/23/2001

1992052017	Parcel Map for I.C.I. Development Company and Save Mart Supermarkets Modesto, City of Modesto--Stanislaus This is a rezoning to allow a 10-unit single-story senior housing complex.	NOD	
1994061036	Hillsdale Ranch Planned Residential Development San Diego County San Diego--San Diego The project consists of a site plan revising an "H" designator on the Julia Liffreing House. This designation subjects the parcel to the requirements of the Historical/Archaeological Landmark and District Area Regulations per Section 5700 of the San Diego Zoning Ordinance. Satisfactory compliance with mitigation measure 6.10 for the project. The site plan implements the rehabilitation of the Liffreing House according to the Secretary of the Interior Standards.	NOD	
1998012052	Lower Dry Creek & Robla Creek Levee Improvements Sacramento Area Flood Control Agency This project is to mitigate the hydraulic impacts associated with SAFCA's Robla Creek South Levee Stage 2 Improvements project. The Robla Creek South Levee Stage 2 Improvements project provides flood control to areas within the Natomas Basin, North Sacramento, Rio Linda, and Elverta. The mitigation project includes widening a portion of Robla Creek east and west of Dry Creek Road, construction of a levee section near G Street, construction of levee/flood wall system around Bell Acqua ski lakes and Rio Linda airport, realignment of Robla Creek west of Dry Creek Road, construct a berm east of Dry Creek Road, and provide local culvert and drainage improvements.	NOD	
2000051108	Hopwood Tentative Parcel Map San Diego County, Department of Planning and Land Use Escondido--San Diego The project is the minor subdivision of 4.5 acres into two single-family residential lots. The site is on a moderate east-facing slope with a drainage along the eastern border of the site. The Rincon Del Diablo Municipal Water District will serve the site and both lots will have on-site septic systems. The site is located within the Lake Hodges segment of the Multiple Species Conservation Program (MSCP).	NOD	
2000081125	TPM 20454: R & A Lot Split San Diego County, Department of Planning and Land Use --San Diego Lot Split of 7.4 acres into three lots. Randy Lane has been improved through the site. Imported water and septic systems are proposed. A conservation easement for biological resources is also proposed.	NOD

2001022092	Lundin Special Permit (SP-00-26) Humboldt County Planning Department Eureka--Humboldt Timber removal of potential fire hazard trees surrounding an existing single family residence. The applicant proposes a California Department of Forestry and Fire Protection Fire Hazard Trees within 150 feet of a Residence Exemption. Approximately 20 redwood trees (regenerated) are proposed to be removed. The 0.75 acre parcel is served with community water and an on-site sewage disposal system. The applicant proposes to "yard" the felled trees to a landing on APN 403-031-51, an adjacent, vacant parcel.	Neg	03/27/2001
2001022093	Carol Hastings-Use Permit UPO119C Del Norte County Planning Crescent City--Del Norte The applicant proposes to remodel a portion of the existing motel into 9 mini-storage units to serve travellers staying at the on-site R.V. park. Also proposed is the renovation of the remainder of the motel units into approximately 1,922 sq.ft. of office space, 1,920 sq.ft. of retail space, and a small laundry. The project will be completed in phases with the first phase being the mini-storage units.	Neg	03/27/2001
2001022094	Thornton State Beach Access Project Daly City Daly City--San Mateo The project consists of providing access to a coastal interpretive viewing platform and to restore natural and man made trails to provide access to the Thornton State Beach Shoreline.	Neg	03/27/2001
2001022096	2000 Air Quality Attainment Plan Update Tehama County Red Bluff--Tehama Approval of 2000 Attainment Plan Update to achieve ambient air quality standards for ozone and carbon monoxide by the earliest practicable date.	Neg	03/27/2001

2000121044	Major Waste Tire Facility Permit, an Upgrade From Minor Permit #19-TI-0681 California Integrated Waste Management Board Los Angeles, City of--Los Angeles Approval of a Major Waste Tire Facility Permit No. TI-0681 for the expansion of the RTI site from 2.0 acres to 2.72 acres and maximum waste tire storage capacity from 4,999 tires to 30,000.	NOD	
2001012041	Proposed New Laytonville High School in Laytonville, Mendocino County, California Laytonville Unified School District --Mendocino The proposed new Laytonville High School (grades 9 through 12) is planned to be built on a 31.84-acre parcel adjacent to the existing high school. The existing school facilities are old and require rehabilitation and renovation that would be costly; the proposed high school is planned to provide new buildings that could accomodate present educational needs and standards.	NOD	
2001029019	Gilroy Sports Park and Urban Service Area Project Gilroy, City of Gilroy--Santa Clara The construction of three outfall drain structures, all along the east bank of Uvas Creek. Where Uvas Creek flows under the Luchessa Avenue bridge, the proposed improvements include a 12-foot wide asphalt bike path and concrete retaining wall with heights up to nine feet for approximately 300 feet along the creek bank and an 8-inch storm drain outfall. Approximately 300 feet downstream of the Luchessa Avenue bridge, a 12-inch storm drain outfall is proposed. Where Uvas Creek flows adjacent to the west end of Farman Lane, a 36-inch storm drain outfall is proposed. It is anticipated that backhoes and bulldozers will be used for this construction. These outfalls will prevent flooding and erosion into Uvas Creek from the new bike/pedestrian trail being constructed along the creek bank. The California Department of Fish and Game is executing a Lake and Streambed Alteration Permit Number #R3-2000-1323 pursuant to Section 1601 of the Fish and Game Code to the project operator, Bill Headley/City of Gilroy. 	the project alternatives analysis.		
2000091065	Santa Ana Second Main Track Southern California Regional Rail Authority Orange, Santa Ana--Orange The proposed project includes the construction and operation of a second main railroad immediately adjacent to, and west of, the existing single track from approximately La Veta Avenue in the City of Orange south to 17th Street in the City of Santa Ana. The proposed second main track would primarily be located within the existing Orange County Transportation Authority right-of-way along the Southern California Regional Rail Authority (Metrolink) railroad. Project construction from Fairhaven Avenue south to 17th Street may require the acquisition of street rights-of-way from the City of Santa Ana. In addition, the Santa Ana Second Main Track project would include limited improvements to four intersections (La Veta Avenue, Fairhaven Avenue, Santa Clara Avenue, and 17th Street) and a second (parallel) bridge over Santiago Creek.	EIR	04/09/2001
2000121001	Conditional Use Permit 99-29, Diamond H Dairy Madera County Planning Department Chowchilla--Madera The proposed project consists of the construction and operation of a new dairy that includes a dairy barn, hospital barn, calving area, commodity barns, 8 freestall barns, and corrals. The facility also includes two wastewater storage ponds, eight solids ponds, hay and silage storage areas, and service roads. The proposed dairy will accommodate 10,224 animal units.	EIR	04/11/2001
1999081061	Eastside Transit Corridor Study-Light Rail Transit Project Los Angeles County Metropolitan Transportation Authority Los Angeles, City of--Los Angeles A 6 mile, 9 station light rail transit project from downtown LA (Union Station) to Beverly/Atlantic Boulevards along Alameda Street, 1st Street, Indiana Avenue, 3rd Street, and Beverly Boulevard. Four miles are at Grade Street running LRT and approximately 2 miles are in a tunnel under the Boyle Heights Community. The project includes an expansion of the bus service to feed and to supplement the LRT service.	JD	04/12/2001
2001021110	Daily Ranch Oxnard, City of Oxnard--Ventura The project is primarily a proposal to construct 198 single family homes in the Northeast Specific Plan Area. The proposal includes applications for planned development, tentative subdivision map, zone change and amendment of the specific plan.	NOP	03/28/2001
